COMOR-D-1/3

25 July 1963

MEMORANDUM FOR: Committee on Overhead Reconnaissance

SUBJECT: Proposed Limited Clearance for Use  
in TALENT System

1. Attached is a memorandum on the above subject from the Director of Security, Central Intelligence Agency. It will be tabled for consideration at the meeting of COMOR on 1 August.

2. In the discussions incident to the establishment of the TALENT Control System, consideration was given to the establishment of a separate administrative clearance comparable to that used in the Special Intelligence field. The judgment at that time was not to establish such a clearance on the ground that it would increase the complexity of the system and, furthermore, that it would be unlikely that a person could be involved in the work of centers, even from a logistical or a security point of view, without becoming aware of the source which the system was designed to protect.
